

6th October, 2023 || Friday

E - POSTER AREA

Judging Session: 10:00 - 11:00		
S C R E E N A	Judge: Dipankar Sircar	
	Parvovirus b19 infection-associated anaemia in renal transplant patients - Our experience of 4 cases	Imran Sofi
	A case control study on pregnancy and its impact on renal graft outcome	Lakshmi Krishnan
	Simultaneous liver-kidney transplant from two different donors: Single centre experience from Pakistan	Muhammad Baig
	Unusual long term complication post renal transplantation - A case report	Sonalika Dughar
	Comprehensive analysis of incidence, risk factor and outcome of delayed graft function in renal transplantation patients - A single centre study from south India	Prasanna Bhat
Judging Session: 10:00 - 11:00		
S C R E E N B	Judge: Suceena Alexander	
	LDLT in a case of early ILD	George Malayil
	From setback to success: Conquering fulminant focal segmental glomerulosclerosis post kidney transplantation	Anitha Swamy
	Triumph over adversity: A story of successful living related kidney transplantation following multiple peri-operative complications	Shalini Sinha
	Tacrolimus associated refractory status epilepticus and pres in a renal allograft recipient	Lavanya Gayatri
	CMV myelitis post renal transplant presented as spinal myoclonus	Devika S L
Judging Session: 10:00 - 11:00		
S	Judge:	

C R E E N C	Unusual manifestations of tacrolimus toxicity in early post kidney transplant recipients: A case series	Akash Gupta
	Tuberculosis in kidney transplant recipients: A case series	Snehalata Devi
	Disseminated fungal infection menace post renal transplant	Shweta Phadke
	Two cases of BK virus nephropathy post KT: Need for striking equipoise	Sanjukta Poddar
	Retrospective study to assess the usefulness of HRCT thorax for detecting asymptomatic pulmonary tuberculosis and TB lymphadenitis	Sibasish Mukherjee

Judging Session: 10:00 - 11:00		
Judge: Shyam Bihari Bansal		
S C R E E N D	Sequential liver-kidney transplant in primary hyperoxaluria type 2: Difficult dilemma with no easy choices	Muhammad Baig
	Post transplant recurrent lupus nephritis associated graft dysfunction, rare but not rarest - A case study	Pallavi Uppal
	Spectrum of rejection and infections following anti rejection management and their outcomes in kidney transplant recipients in tertiary care institute in south India	Ankita Raisinghani
	A case of post renal transplant ureteral stenosis - BK virus associated	Niranjan A V
	An unusual fungal infection in renal transplant - 1st case report from India	Mohammed Sajid

Judging Session: 10:00 - 11:00		
Judge: Pinaki Mukherjee		
S C R E E	When a transplant fails - An arduous journey of a graft kidney	Zenila Bordoloi
	Successful renal transplantation with intravenous dexamethasone in a patient with anaphylaxis to methylprednisolone sodium succinate	Judith Namchyó

E N E	Case report: Recurrence of c3gn post renal transplant despite negative genetic study	Nikita Hapani
	Navigating transplant renal artery stenosis: A case of timely intervention and graft survival	Vaishnavi Venkatasubramanian
	Atypical presentation of acute pyelonephritis - Massive proteinuria	Nilesh Charawande
S C R E E N F		
Judging Session: 10:00 - 11:00 Judge: Deepak Kumar		
	Denovo membranous nephropathy post deceased donor transplantation	Sonalika Dughar
	Post renal transplant TMA with recurrent IGAN presenting as ophthalmic emergency	Rachana Shenoy
	Adenovirus in post renal transplant	Sridhara Mohanty
	Post-transplant page kidney, acute graft dysfunction and associated secondary hypertension - A case report	Rajarshi Banerjee
	An interesting case of acute cell mediated rejection in immediate post renal transplant period masquerading as recurrence of native kidney disease - FSGS	Ramprasath Rajan
S C R E E N G		
Judging Session: 10:00 - 11:00 Judge: Sanjay Kolte		
	Intraoperative assessment of revascularization after kidney transplant using indocyanine green	Darakhshan Qaiser
	Predictors of intraoperative surgical difficulty in renal transplant recipients: A prospective observational study	Amit Mittal
	On bench incidentally detected renal mass in allograft: An unwelcome surprise	Amit Mittal
	ECMO and IABP: Indispensable bridge to heart transplant	Avik Dhar
	En bloc kidney transplantation - Pediatric deceased donor	Uma Maheswar Rao Chikkam
