FREE PAPER 2

08:00 - 09:00 **Mini Oral Presentations**

Chairpersons: Atanu Pal, Adyapad Pani

5+1	Experience of newly set up renal transplant unit with free of cost regimen in eastern India	Archita Patel
5+1	Acute graft dysfunction in a pediatric patient in the early post transplant period	Ayesha Nishad M P
5+1	Film array GI panel test in renal allograft recipients with diarrhoea	Yogita Sharma
5+1	A single centre, tertiary care hospital nephrology-unit study of post-transplant infections and survival outcomes	Sayali Dalvi
5+1	Rejection patterns in renal transplantation patients: A comparative analysis between basiliximab-induced and non-induced recipients	Sudarshan Gowda
5+1	A rare case of cerebral toxoplasmosis presenting as bithalamic lesion in post renal transplant	Raghukanth Reddy
5+1	Low tacrolimus trough level and its impact on kidney transplantation regarding graft outcomes in new transplant centre: A single centre observational study	Kaushik Mondal
5+1	Cutaneous histoplasmosis in a renal transplant recipient - A single centre case series	Bharat Bhushan Bamaniya
5+1	Donor derived sepsis - A cause for concern in deceased donor transplant	Ragi Krishnan
5+1	Outcomes of kidney transplantation in patients with abnormal bladder - A retrospective single centre experience from south India	Payal Gaggar

09:00 - 10:00 **Oral Presentations**

Chairpersons: Harmeet Riyait

8+2	Ambulatory blood pressure monitoring in living kidney donors	Jawad Iqbal Rather
8+2	Exposure to mycophenolic acid at standard prescribed doses in renal transplantation in early post transplantation period	Smita Pattaniak
8+2	A comparative, observational study on outcomes of repeat versus first kidney transplantation	Kity Sarkar
8+2	Prevalence and risk factors for systemic hypertension in kidney transplant recipients in the first year after transplantation: A single centre retrospective observational study	Rama Venkatesh Prasad
8+2	A prospective randomized controlled study analysing the effect of denosumab on bone mineral density and bone metabolism indices in renal allograft transplant patients	Amit Sharma
8+2	Impact of diabetes mellitus on the survival in transplant recipients: A propensity-matched analysis of long-term outcomes	Vamsidhar Veeranki
10:10 - 10:20	COFFEE BREAK	
10:00 - 11:00	Oral Presentations	
Chairpersons: Vaibhav Tiwari, Krishna Patil		
8+2	Clinical significance of protocol allograft renal biopsy in a tertiary care centre in northwest India	Niranjan Gogoi
8+2	Impact of allosensitization in thoracic organ transplantation candidates	Aditi Singhvi
8+2	Paediatric transplant experience from a single centre in south India	Mohammed Fahad Khan
8+2	Antibody mediated rejection in kidney transplantation: A single centre experience	Prasoon Sebastian
8+2	A long waiting: Is there a way out?	Puranjoy Chakrabarty
8+2	Clinical profile and outcomes of late antibody mediated rejection and the risk factors affecting the 1-year graft survival in renal allograft recipients	Harrinidevi Palanibaskar

11:00 - 12:00	Mini Oral Presentations	
Chairpersons: Abhirup Bhunia, Rajarshi Datta		
5+1	Spectrum of urinary tract infections among renal allograft recipients in a tertiary care centre	Faheemnazir Qanoongo
5+1	A comparative analysis of Chikungunya in kidney transplant recipients compared with general population: A multi-centre, retrospective, cohort study from India	Sandeep Deshmukh
5+1	Role of von Willebrand factor in patients undergoing living donor liver transplantation (LDLT) - A preliminary analysis	Dinesh Jothimani
5+1	Unmet challenges in the management of CKD and transplantation in the northeastern India	Sharat Kumar Singh
5+1	Renal transplantation in rare monogenic urinary stone disease - A single centre experience	Sabarinath S
5+1	Transformative insights: Learner feedback on the ABO incompatible renal transplant preceptorship program for healthcare capacity building	Deepak Shankar Ray
5+1	Diffusion tensor imaging (DTI) of end-stage renal disease patients pre and post renal transplant	Debapriya Saha
5+1	Stretching the limits! An attempt to increase deceased donor kidney transplant	Sudeep Prakash
5+1	Recurrent collapsing glomerulopathy in graft kidney, therapeutic options and response to therapy	Muhaiminul Islam Khan
5+1	Retrospective analysis of pneumonia in renal allograft recipients - Ten years of experience in a tertiary care centre in India	Utkarash Mishra
12:00 - 12:50	Oral Presentations	
Chairpersons: Rahul Grover		
8+2	Rabbit antithymocyte globulin induction therapy in kidney transplant recipients: An Indian experience	Deepak Panigrahi
8+2	The pursuit of graftiness: unveiling the weight gain puzzle in renal transplantation - A decade-long study	Manish Lalwani

8+2	Outcomes of standard induction with basiliximab versus no induction in low immunological risk kidney transplant recipients	Athish M N
8+2	Short term outcomes in HLA sensitized kidney transplant recipients: A single centre study from eastern India	Joseph Lalmachhuana
8+2	Open labelled prospective randomized controlled trial of denosumab on osteoporosis in kidney transplant recipients – A pilot study from a tertiary care institute	Sudipta Ghosh
8+2	Renal transplant outcome with mycophenolate mofetil therapeutic drug monitoring	Swati Mane
12:50 - 14:00	LUNCH	
14:00 - 15:00	Mini Oral Presentations	
Chairpersons: Avishek Naskar, Manas Kumar Goswami		
5+1	A retrospective study on colonization and subsequent risk of bacteraemia - A liver transplant recipients from south India	Sweatha Kumar
5+1	Tocilizumab - A new hope for chronic active ABMR	Abhishek Vashisth
5+1	Clinical and economic burden of early UTI in kidney transplant recipients: A retrospective cohort study	Shabna Sulaiman
5+1	Primary pyelo-native ureteric anastomosis in a kidney transplant recipient with donor kidney inadequate pelviureteric junction (PUJ) obstruction - A case report	Uma Maheswar Rao Chikkam
5+1	A rare case of cladophialophora isolated in a renal transplant patient after rejection	Mehvish Khan
5+1	Gujarat model of deceased donor transplantation to achieve self sufficiency	Shivam Shah
5+1	Organ donation from brain dead donors - Societal perspectives	Noble Gracious
5+1	Managing hypertension following kidney transplantation: Strategies and considerations	Sourabh Sharma

15:00 - 16:00 Oral Presentations		
Chairpersons: Abhinaba Debnath, Tarshid Ali Jahangir		
8+2	Study on cost analysis on total cost incurred during renal transplant in healthcare institute in northern India so as to suggest an evidence based financial package for AB-PMJAY	Rashmi Singh
8+2	Deep cutaneous fungal infections in kidney transplant recipients	Abdullah Ansari
8+2	Outcome of expanded criteria living kidney donation: A single centre experience	Suresh Singh
8+2	Implication of pre-transplant HLA-antibody in patients: A single centre study	Manjula Das
8+2	An observational study to determine efficacy of dapagliflozin in diabetic renal transplant patients (both type 2 diabetes mellitus (T2DM) and post transplant diabetes mellitus (PTDM))	Avishek Naskar
16:00 - 17:00 Mini Oral Presentations		
Chairpersons: Sushree Das		
5+1	Is pre-emptive kidney transplantation associated with improved outcomes when compared to non-pre-emptive kidney transplantation? A retrospective observational study from a tertiary centre experience	Vaseem Mohamed
5+1	An epidemiological study on awareness, knowledge, attitude and practice regarding organ donation among nursing students in a tertiary care centre in Tamilnadu	Prashanth N
5+1	Serum levels of toll-like receptors (TLR-2 and TLR-4) in renal transplant recipients (RTRs) with and without cytomegalovirus (CMV) infection	Arshi Rizwan
5+1	Late post renal transplant diabetes mellitus as diabetic ketoacidosis – Do not forget to screen for infection: A case report	Neeraj Saini
5+1	Effect of CYP3A5 polymorphism on TAC associated hyperkalaemia: A case series	Lekha Pradhan

5+1	Pro-inflammatory cytokines il-6 and ifn- γ are associated with anti-sars-cov-2 spike protein-specific seroconversion in renal allograft recipients	Brijesh Yadav
5+1	An etiological spectrum and outcome of diarrhoea in kidney transplant patients: A single centre study	Gauri Kalbere
5+1	Acute pancreatitis in a post renal transplant patient due to varicella infection: A rare sequelae	Pallavi Mahato
5+1	The impact of covid-19 on the incidence and outcome of CMV infection in kidney transplant recipients - is there a role for cmv prophylaxis during pandemics?	Sajmi Shaji
5+1	Renal allograft tuberculosis masquerading as acute graft dysfunction: A case report	Mahendrapratap Singh
